Missouri CapTel 800®

The Next Generation of CapTel®

CapTel® Benefits

- Large, easy-to-read captions on display screen with adjustable font sizes and colors.
- Display screen tilts for comfortable reading or lies flat to mount the phone on a wall.
- Up to 40dB volume amplification for captioned calls.
- Simply plugs into a standard phone jack. Will not work with PBX (often in offices with extension numbers) unless an analog port is available.
- Instructions and an easy-to-follow training DVD are included.

CapTel® Benefits

- To see if you qualify for a free CapTel® 800 contact MO TAP for Telephone. (information on back side)

Sprint CapTel® 800i

CapTel® via an Internet line

CapTel® 800i benefits

- Same physical features as the CapTel 800 phone.
- Captions appear automatically on all calls – incoming and outgoing. No need to dial a toll-free number first.
- Calls are made/received over the telephone line, while the captioning service connects automatically through the Internet.
- One touch button to reach customer service.

To purchase a CapTel® 800i phone

- Qualified individual: \$99.⁰⁰
- Agencies/businesses: \$595.⁰⁰
- To order:
www.sprint800.com or
1-800-233-9130 (Voice/TTY)
- To see if you qualify for a free CapTel® 800i contact MO TAP for Telephone. (information on back side)

** Depending on how many devices are connected to the Internet, you may need a router to connect your CapTel® 800i phone.

Sprint Federal CapTel®

www.federalrelay.us/captel

- If yes, your Federal CapTel® phone is accessible domestically from work or home or while traveling in fifty states.
- No domestic toll (long distance) charge for calls made anywhere in the United States.
- Depending on your federal status, several options are available to order a CapTel® phone at www.federalrelay.us/captel

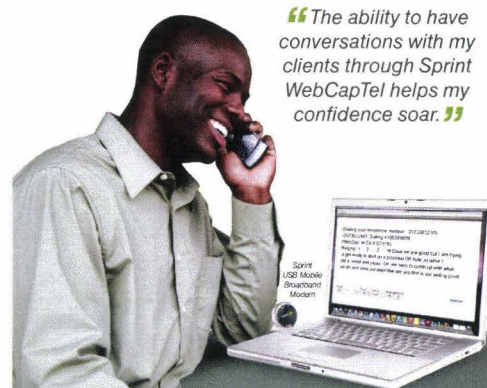

“Conversations with my family are easy to follow with Missouri's CapTel 800! ”

“Now I can make phone calls without having to depend on anyone.”

“The ability to have conversations with my clients through Sprint WebCapTel helps my confidence soar.”

Using CapTel® or WebCapTel® to call 911

One-Line CapTel® phones (CapTel 800 only)

- The CapTel® Call Center is not engaged in processing 911 calls.
- When using a CapTel® phone to call 911, it is handled the same way with a person calling from a standard telephone.
- The CapTel® phone automatically converts to a Voice Carry-Over (VCO) phone and dials 911 directly.

Two-Line CapTel® phones (CapTel 800 and CapTel 800i)

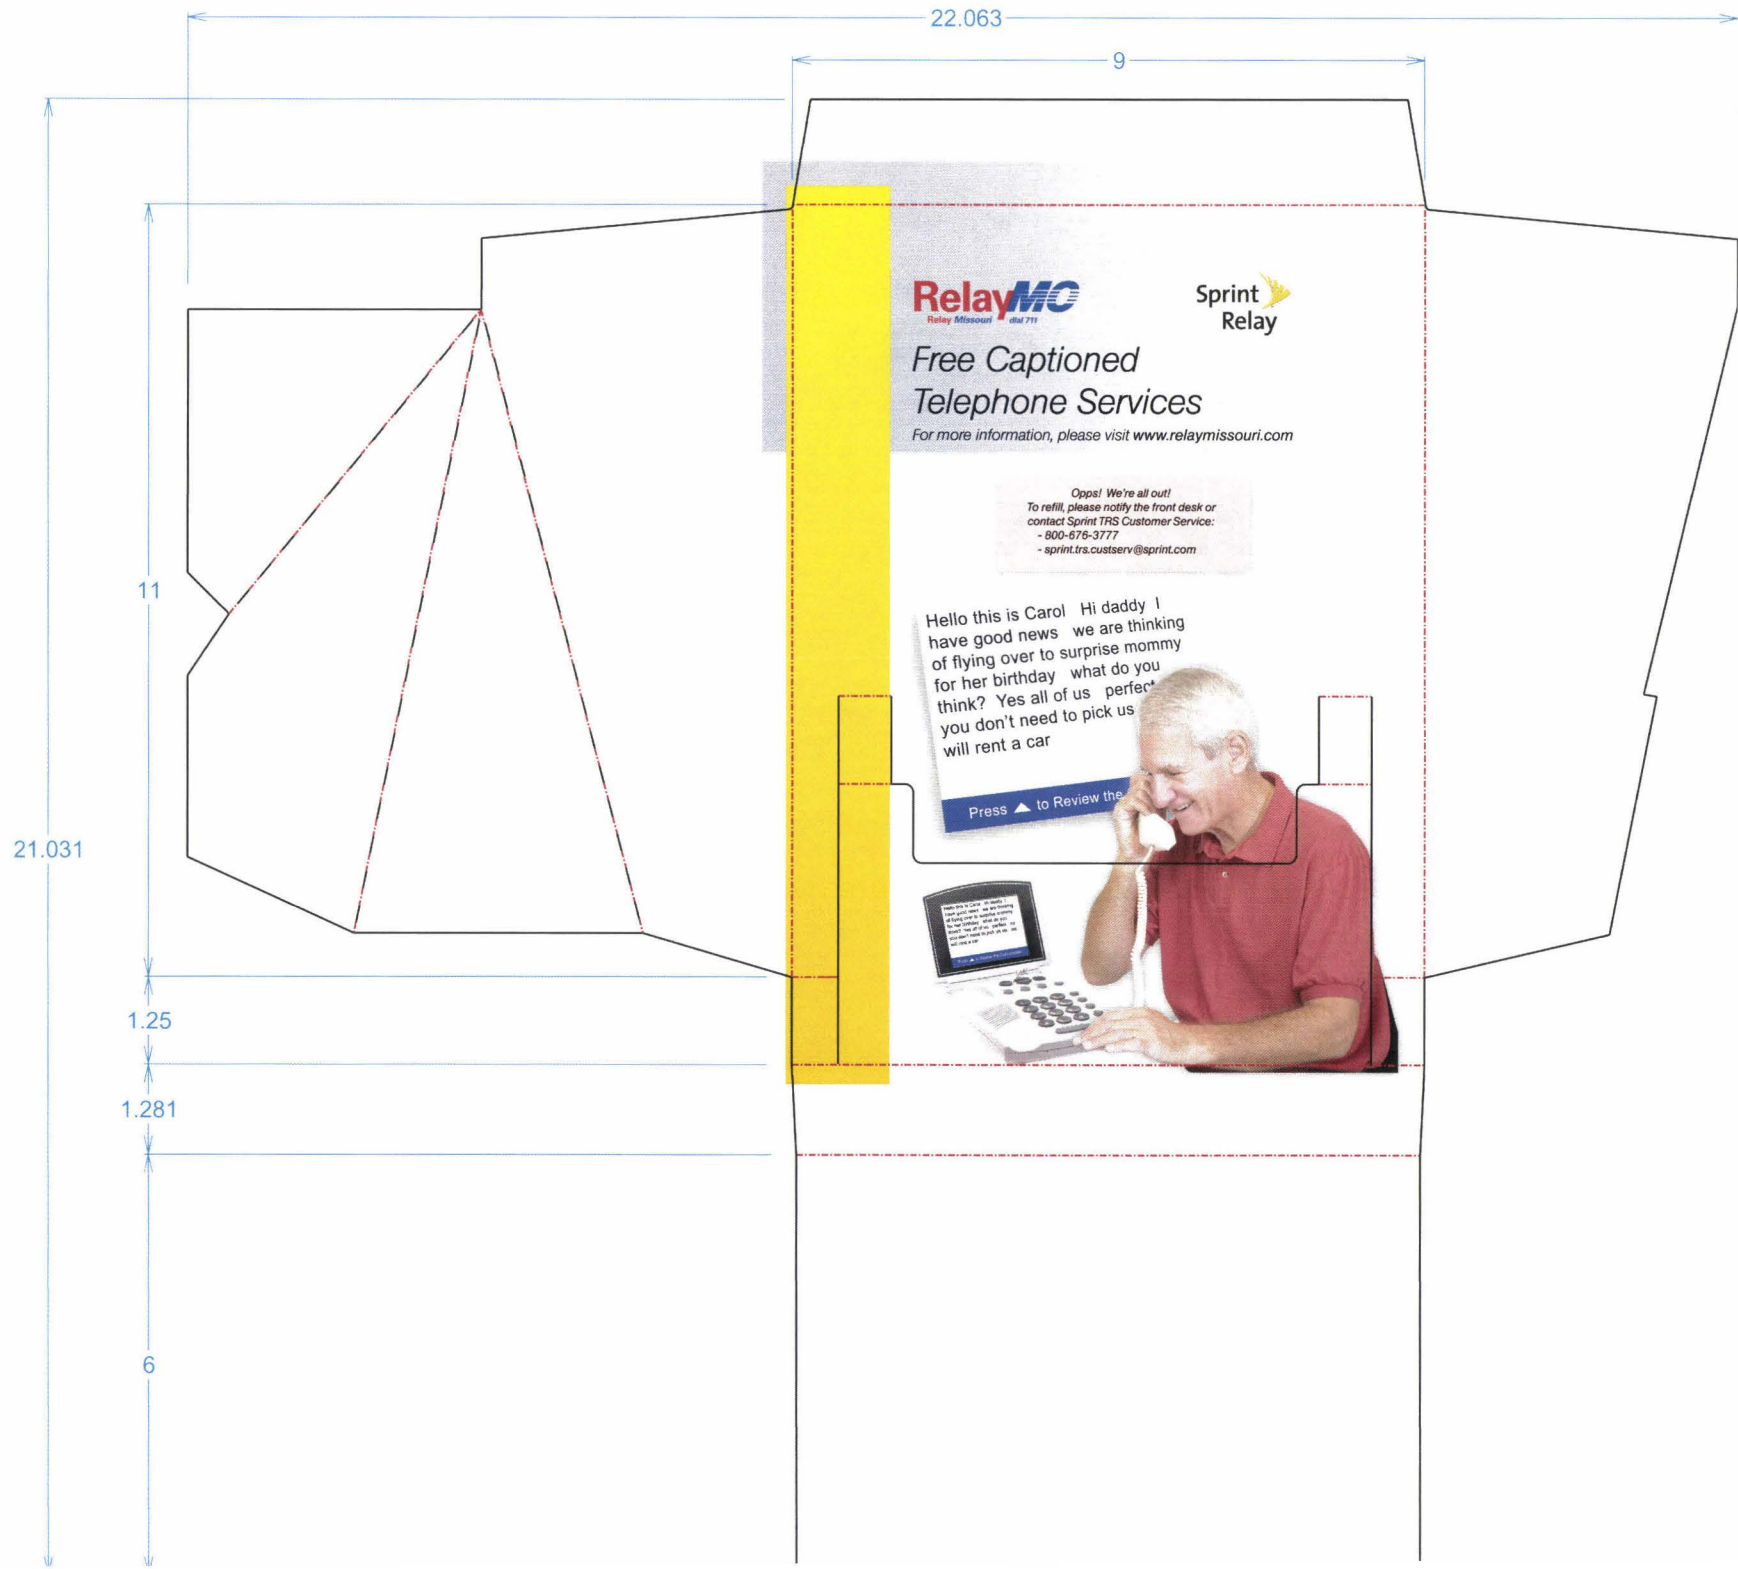

- Calls made to 911 connect directly over Line 1 while you view captions of the call over Line 2.

WebCapTel® phones

- Sprint's Internet-based WebCapTel® service accepts and handles emergency calls using a database that matches a caller's location to a serving PSAP (Public Safety Access Point).

For more information

- Detailed instructions are available at www.captel.com/911.php
